I am a professional, results-focused person who enjoys new challenges and solving problems. I am looking for a role that will stretch my knowledge and allow me to learn new skills whilst improving my understanding of the skills I already have.

Career History

Team Manager

Argos Bristol LFC – May 2021-March 2025

The Bristol LFC is a fulfilment centre covering Bristol, Bath, Gloucester, Swindon and going as far south as Bridgwater, shipping out thousands of orders per day. As part of my role, I was responsible for the development of various tools used to assist with the running of the site. These included:

-A system for the stores we delivered too to report back any discrepancies with their deliveries and get a live response on the actions to take, to enable the quickest resolution for their customers. The tool could also analyse the reports to identify trends such as if the same stores had the most errors, if the same items were going missing, and generate daily, weekly, monthly, and yearly reports.

-A tool that could take rotas and return information on the specific number of colleagues in at a certain time, the number of colleagues in for various roles, and the salary cost to the business of specific shifts, accounting for things such as breaks and premiums.

-A tool to collate various reports available to us from the company and automatically generate monthly and yearly colleague performance reports from them.

-Automating various processes in tools provided to us by the company where previously the data had to be input manually multiple times a day.

I was also responsible for auditing our weekly delivery paperwork and fuel receipts, and if I discover any discrepancies, reporting them and putting in processes to mitigate any future issues.

Argos Retail Manager - September 2019-May 2021

Argos - October 2012 - September 2019

Skills

- Organised
- Logic-focused
- Problem-solving
- Time-Management
- Analytical

 - 3DS Max
 - Maya-
 - ZBrush

Education

-The Ridings High School
2005 to Summer 2009

*-The Ridings' Federation
Winterbourne International
Academy*
2009 to Summer 2012

*-Staffordshire University
[3D Games Design (MEng)]*
2013 to Summer 2017

Volunteering

Scout Leader - 2012-Present

Since leaving scouts myself, I have been a leader for the 28th Kingwood District specialising in training young people to complete the Ten Tor's Challenge. The Challenge is run by the army and consist of teams of 6 hiking 35, 45 or 55 miles across Dartmoor over 2 days.

In my role I am responsible for taking the young people in our group on practise hikes to build up their endurance, teaching them navigation, survival and camping skills as well as attending monthly meetings of our scout leadership team where we discuss finances, risks, training plans etc.

Personal Interests

- Hiking
- Climbing
- Kayaking
- Coding
- Sci-fi
- 3D modelling
